

Albion College

Department of Art and Art History Scholarships

For Fall 2015-2016

The Department of Art and Art History awards a number of art and art history scholarships to incoming students. These competitive scholarships do not require students to major or minor in art or art history. All scholarships are renewable for all four years, as long as you are enrolled in at least one art or art history class each semester. Whether or not you receive an Art & Art History scholarship, as an enrolled student you may also be considered for additional merit based and need based scholarships and grants each year you attend Albion College. Contact the Admission office for more information.

Fine Arts Scholarships

Application Process:

To apply for an art scholarship, you should bring at least ten, not more than fifteen, of your best works in any medium or multiple media. This work should be a representation of who you are as an artist; this can include work you've done in class as well as independently. We are especially interested in seeing examples of work from life. Please bring a sketchbook if you keep one; a "sketchbook" could be in the form of a traditional book of drawings, a journal, visual scrapbook or even a well designed blog or website. We prefer actual work but, if necessary, you may bring digital images; a detailed image list should accompany digital work. (Digital images can be viewed on one of our computers or projected in our auditorium.) We're interested in hearing you talk about your work, your experience and your influences. Professors from the art and art history department will interview you.

Fine Arts scholarships are awarded after reviewing your portfolio and your acceptance to Albion College is confirmed.

Art History Scholarships

Application Process:

Art history scholarships are awarded based on writing samples and an interview. You should bring three samples of your writing. Papers from humanities classes are good choices, but other options might be analytical work from English classes, history or sociology classes. We are especially interested in seeing how well you think and write about objects, works of literature or historical events. Art and art history professors will interview prospective students.

Fine Arts and Art History scholarships are awarded after reviewing your art or written portfolio and your acceptance to Albion College is confirmed.
