

**You are invited to join us for a demonstration
about BEMER Therapy and its benefits for horses
(presented by Anne Canfield).**

BEMER is an FDA registered class 1 medical device and has five worldwide patents. BEMER Therapy is above-average technology to help horses, dogs, farm animals and humans. BEMER helps with increased blood flow, oxygen supply, waste disposal, endurance, strength, energy, mental acuity, stress reduction, relaxation, and sleep management.
