CAREER AND INTERNSHIP CENTER

“My Albion experience resulted in two job offers before I graduated.

It wasn't just the Career and Internship Center that made this happen—it was the comprehensive advising and support that began the moment I arrived on campus.

As a member of the Gerstacker Institute for Business and Management, I had access to alumni who were specifically looking for Albion College students to bring on board as interns and as full-time employees. In fact, one of the offers I received came from an Albion graduate. The second offer came from a paid internship I had with the organization.

Albion prepared me by helping me craft my résumé and polish my interviewing skills, connecting me with the right people, and catering to my individual needs.”

Mitchell Jeffery

EMPLOYMENT RESULTS
